

NEW Lextra Picture Dictionaries for children with TING

These first picture dictionaries are aimed at young children taking their first curious steps into other languages and cultures. The A-Z section of the dictionaries cover about 800 typical everyday items from everyday life for primary-age kids. The thematic sections cover important sections such as verbs, prepositions and family relationships, colours, seasons and holidays.

TING printing technology also makes it possible for learners to hear each new vocabulary item: just touch each entry with the TING infra-red sensor pen and listen to the correct pronunciation. To add to the fun, children can go on a treasure hunt to find the words with hidden sounds attached: no CD- or MP3 player necessary!
